LOTTERY SELECTION RESULTS

Lottery held January 22, 2019

January 23, 2019

Each of the following applications were reviewed/vetted by staff. Staff has determined that each of the applications adhered to the minimum qualifications as outlined by WCMC 10-2.3.1401. As a result, each was entered into a lottery selection process conducted at City Hall on January 22, 2019. The ranked list (below) was created based on the order in which each application was selected. The first two selected applications have been afforded the first opportunity to seek a Conditional Use Permit from the Planning Commission. If one or both of the first two applications fail to obtain a Conditional Use Permit within six months, staff will notify the next qualified applicant from the ranked list.
